Project Highlights

1,100 SF GUEST HOUSE

Small in footprint, but big on design, this 1,100 square foot ADU serves as a stand-alone guest house that blends with the Spanish Style architecture of the main home. The location takes advantage of the beautiful mature trees on the property while preserving privacy.

The ADU features one bedroom and one bathroom. The living room features a hand-crafted adobe fireplace and large french doors with adjacent floor-to-ceiling windows on each side, providing views in both directions. The full-size kitchen features dark wood cabinets, patterned tile, and was large enough to prepare a complete Thanksgiving dinner for the family. High beamed ceilings in every room, wood floors, and richly textured walls add warmth and old world charm.
